Hi, Kendra. Cami just mentioned that we might be seeing another fire drill related to sites with tribal interest. Just wanted to make you aware of the request below that came through OSRTI late last week related to the White House meeting with tribes and we provided updates on **non responsive** , Simplot, FMC, **non** .

We can send you what we sent them for FMC and **non responsive** if that would be helpful. Are you coordinating for a different meeting??
